ALL PRICES ARE LISTED AT SUGGESTED RETAIL

RETAIL SALES POLICY

Märklin, Inc. sells only through authorized Märklin dealers. Märklin, Inc. does not sell directly to individuals.

RETAIL PRICE LIST

Märklin's Retail Price List is divided into two categories. First, a complete numeric listing of both Cataloged Items-items which appear in the standard Märklin Catalog, and Non-Cataloged Items-items which do not appear in the standard Märklin Catalog. Secondly, the Non-Cataloged Items have been separated and further defined by special product lines, programs and discontinued items.

For complete descriptions of standard items, refer to the Märklin full-line product catalog. A handy numeric index of all the items is located at the front of the catalog. Descriptions of non-cataloged items are included in the non-cataloged section of the price list.

Due to Märklin's extensive product line of cataloged and non-cataloged items, not all authorized dealers will have a complete inventory of all of these items. However, dealers can special order any items you may wish to purchase. To locate the Authorized Märklin Dealer nearest you, please write to: Märklin, Inc., PO Box 51319, New Berlin, WI 53151 or call 1-800-825-0888.

WARRANTY

Märklin, Inc. warrants that its products are free from defects in materials and workmanship for a period of one year from the date of purchase. If there is any defect, return that item with proof of purchase to your authorized Märklin Dealer. Defects arising from abuse, improper maintenance or misuse are not covered in this warranty. This warranty applies ONLY to purchases made through Authorized Dealers in North America.

DIGITAL WARRANTY

All locomotive decoder panels are sold only to Authorized Digital Dealers for installation. Märklin decoder panels will be covered under Märklin, Inc.'s limited warranty only if they are installed by an Authorized Digital Dealer, or by Märklin, Inc.

RESTORATION & REPAIR

Restoration of a valued locomotive can be performed at our factory in Germany. A full inventory of replacement parts is available for locomotives dating back twenty years. Beyond that period, repair is subject to parts availability. For more information contact:

**Mr. Rocchia
Gebr. Märklin &
Cie.GmbH
Postfach 860
D-73008 Göppingen
Germany**

Normal maintenance can be performed at your local authorized Märklin service center.

TRACK PLANNING

A track planning layout service is available through Dr. Tom Catherall, Märklin Digital Consultant. Using a CAD (computer assisted design) program, Dr. Catherall has developed libraries for track in K, M, 1 and Z gauges and can provide layout designs printed in colors for correct wiring connections. Prices vary with the complexity of the layout. For complete costs and details write:

NON-CATALOGED ITEMS

JUNE 1995

The items featured in this portion of the price list are non-cataloged items. These items do not appear in the standard Märklin catalog and some are produced exclusively for the North American market. Many of these items are produced on a very limited basis and, in some cases, must be sold by allocation to dealers. This situation is not limited to the North American market and at times occurs on a worldwide basis.

Märklin GmbH recognizes that a shortage of product can create frustration among collectors. Unfortunately at times it is very difficult to forecast with any degree of accuracy the market demand for special products which will be produced as a one-time production run. In order to stay up to date on the availability of non-cataloged items, we recommend that you contact your local Märklin dealer.

EXPORT PROGRAM

Märklin's Special Export Models program consists of non-cataloged special models manufactured for certain countries outside of Germany. There is usually only one production run made and, based on demand, they can become limited in quantity. In some cases the items may be completely sold out at the factory and can no longer be ordered.

"MHI" ITEMS

The program is termed the Märklin-Händler-Initiative program. Participating dealers in Germany pay annual dues to belong to the association. The main feature of the "MHI" program is a cooperation with Märklin to manufacture special "one-time" product runs, which are available only to their member dealers and to Märklin subsidiary companies, including Märklin of North America. These items are packaged with a special logo titled "Exclusiv" and are not cataloged.

PRIMEX

The Primex line was manufactured by Märklin and sold in the mass merchandiser market in Europe. The product is Märklin and usually is similar in appearance to standard Märklin items. In addition to starter sets and rolling stock, the line includes an assortment of building kits and layout materials. The Primex line has been discontinued and replaced by the HOBBY line. The Primex items listed below are available only while supplies last.
