RETAIL SALES POLICY

Märklin, Inc. sells only through authorized Märklin dealers. Märklin, Inc. does not sell directly to individuals.

RETAIL PRICE LIST

Märklin's Retail Price List is divided into two categories. First, a complete numeric listing of both Cataloged Items-items which appear in the standard Märklin Catalog, and Non-Cataloged Items-items which do not appear in the standard Märklin Catalog. Secondly, the Non-Cataloged Items have been separated and further defined by special product lines, programs and discontinued items.

Due to Märklin's extensive product line of cataloged and non-cataloged items, not all authorized dealers will have a complete inventory of all of these items. However, dealers can special order any items you may wish to purchase. To locate the Authorized Märklin Dealer nearest you, please write to: Märklin, Inc., PO Box 51319, New Berlin, WI 53151-0319 or call 1-800-825-0888.

WARRANTY

Märklin, Inc. warrants that its products are free from defects in materials and workmanship for a period of one year from the date of purchase. If there is any defect, return that item with proof of purchase to your authorized Märklin Dealer. Defects arising from abuse, improper maintenance or misuse are not covered in this warranty. This warranty applies ONLY to purchases made through Authorized Dealers in North America.

DIGITAL WARRANTY

All locomotive decoder panels (2-rail and 3-rail) are sold only to Authorized Digital dealers for installation. The 3-rail decoder panels will be covered under Märklin, Inc.'s limited warranty only if they are installed by an Authorized Digital Dealer, or by Märklin, Inc. The 2-rail decoder panel will be covered under Märklin, Inc.'s warranty only for its electronic functions. The 2-rail decoder panel will not be covered under warranty for its installation or for its compatibility with the locomotive in which it is being installed.

INTERNATIONAL CAR SERIES FIVE YEAR PROGRAM NOW COMPLETE

The International Series was first introduced in 1987 and is Märklin, Inc.'s way of paying tribute to the many friends of Märklin trains around the world. As a Märklin collector, you have an opportunity to collect and assemble a model train unlike any that has ever existed before. A train made up of 15 cars each with its own unique full color imprint featuring a range of cultural, historical and architectural landmarks that best symbolize the accomplishments, character and people of each selected country. The International Series will extend over five years with 15 nations in total being represented. The cars will be produced each year with imprints alternating between HO and Z-gauge until all nations have been offered in each gauge.

THE MÄRKLIN EXCLUSIVE PROGRAM

A special Märklin dealer association has been established in Germany under the name Märklin Dealer Initiative. Participating dealers pay annual dues to belong to this "Exclusiv" association. The main feature of this program is a cooperation with the Märklin company to manufacture special line product runs which are only available to their member dealers and to Märklin's subsidiary companies in the U.S., France, Benelux countries and Switzerland. These items are packaged with a special logo titled "Exclusiv". Contact your local authorized Märklin dealer to get information on what items are available.

NON-CATALOGED ITEMS

September 1993

The items featured in this portion of the price list are non-cataloged items. These items do not appear in the standard Märklin catalog and some are produced exclusively for the North American market. In order to stay up to date on the availability of non-cataloged items, we recommend you contact your local Märklin dealer.

EXPORT PROGRAM

Märklin's Special Export Models Program consists of non-cataloged special models manufactured for certain countries outside of Germany. There is usually only one production run made and, based on demand, they can become limited in quantity. These export models are distributed in the first year to all export countries (Germany is excluded). In subsequent years the remaining inventory is available on a worldwide basis. In some cases the items may be completely sold out at the factory and can no longer be ordered.

RESTORATION & REPAIR

Restoration of a valued locomotive can be performed at our factory in Germany. A full inventory of replacement parts is available for locomotives dating back twenty years. Beyond that period, repair is subject to parts availability.

For more information contact: **Mr. Rocchia**
Gebr. Märklin & Cie. GmbH
Postfach 860
D-73008 Göppingen
Germany

Normal maintenance can be performed at your local authorized Märklin service center in the U.S.

TRACK PLANNING

A track planning layout service is available through Dr. Tom Catherall, Märklin Digital Consultant. Using a CAD (computer assisted design) program, Dr. Catherall has developed libraries for track in K, M, 1, and Z gauges and can provide layout designs printed in colors for correct wiring connections. Prices vary with the complexity of the layout. For complete costs and details write:

THE MÄRKLIN DEALER INITIATIVE (MHI) PROGRAM

A special Märklin dealer association has been established in Germany. The new program is termed the Märklin-Händler-Initiative program. Participating dealers pay annual dues to belong to the association. The main feature of the "MHI" program is a cooperation with Märklin to manufacture special "one-time" product runs, which are available only to their member dealers and to Märklin subsidiary companies, including the United States. These items are packaged with a special logo titled "Exclusiv" and are not cataloged.

Märklin, Inc. PO Box 51319, 16988 W. Victor Road, New Berlin, WI 53151-0319

American Subsidiary of Gebr. Märklin & Cie. GmbH, Germany and Exclusive Distributor in North America for Märklin Products

PRIMEX

The Primex line was manufactured by Märklin and sold in the mass merchandiser market in Europe. The product is Märklin and usually is similar in appearance to standard Märklin items. In addition to starter sets and rolling stock, the line includes an assortment of building kits and layout materials. The Primex line has been discontinued and replaced by the HOBBY line.
